

# CONTENTS

<b>Yu. S. Vladimirov</b>	5
From Quantum Gravity to the Relational-Statistical Space-Time Theory .....	
<b>Yu. G. Ignat'ev</b>	20
Nonequilibrium Kinetics Universe Models. II. Energy-Balance Model .....	
<b>A. M. Baranov</b>	37
Conformally Galilean 4-metric and Kinematic Reference Frames .....	
<b>V. D. Gladush</b>	44
Sommerfeld-Lenz method in General Relativity and its generalization .....	
<b>I. S. Nurgaliev</b>	58
Vorticity Induces Cosmological Term of Nonsingular Universe and Removes Darkness .....	
<b>Yu. S. Vladimirov, M. Yu. Romashka</b>	64
Modified Newtonian dynamics (MOND) and its possible interpretations .....	
<b>A. M. Baranov, I. V. Zhabrun</b>	78
A description of the open Universe model by the Bessel functions .....	
<b>A. V. Aminova</b>	84
Kazan school of Relativity and Gravitation .....	
International Scientific Seminar «Non-Linear Fields in Gravity and Cosmology» and Russian School «Mathematical and Computer Modelling of Fundamental Objects and Phenomena» .....	95
Rules of Arrangement of Applied Materials .....	101
